- Clipper handles
- Computer keyboards & mice
- Hose ends
- Phones
- Tacks
- Tools
- Transportation vehicles
- Treatment facilities

Intervention[™] Ready to Use Disinfectant Wipes clean by removing tough soils such as dirt, grime, mold, mildew, blood, urine, and fecal matter. Intervention[™] Ready To Use Disinfectant Wipes reduce odor-causing bacteria leaving surfaces smelling clean and fresh. Its non-abrasive formula is designed for use on hard, non-porous surfaces associated with non-food contact countertops, cages, animal equipment and devices found in farm animal care facilities.

> **FASTER** Outstanding speed of disinfection, proven to deliver superior kill performance against a broad-spectrum of organisms including Avian Influenza A Virus in 30 seconds to 1 minute.

> **CLEANER** One-Step Disinfectant with powerful surfactants (detergents) simplifying sanitation of animal environments saving time and money.

> **RESPONSIBLE** Intervention[™] was designed to be easy on surfaces, people and animals and does not require any use of any PPE.

> **SUSTAINABLE** The active ingredient, Hydrogen peroxide, breaks down into water and oxygen after being applied leaving no active residues on the surface.

> **COMPATIBLE** Designed to be compatible with a wide range of materials, protecting your investments by reducing corrosion and wear.

CLAIMS

30 Seconds to 1 Minute
(*Virucidal, Fungicidal)

1 Minute
(Bactericidal, Tuberculocidal)
